

Welcome Koalas to August! We had a wonderful time in July. We have had lots of water and outdoor play. We will still be continuing water play all through the rest of this month (August). The children really enjoy splashing around. Please watch for notes on the daily sheet for more sunscreen.

We are so proud of the children that have started to use the potty. If you would like for your child to start being sat on the potty please let us know. We would really prefer parents to bring pull-ups. This will make the transition for us and your child a lot easier.

We hope that you all have a wonderful month!!

Love, Bethanie, Brittany, and Brandi

Date Week One

Theme Monday
