

## Lion Room August Newsletter

Is summer really coming to an end?! We can't believe its back- to- school time already. Soon it will be fall and the cold/ flu season. We would like for all of you to get into the habit of washing your children's hands as you enter the room in the morning. There is a hand sanitizer pump outside of the door and to the right for all our parents to use. *This is for adults only!* If we all start this now, it will become a habit by the time the real cold weather actually gets here.

There is also a hanging file outside of the classroom. This is where we keep your child's daily sheets, art work, journals (we have not been very consistent with writing in them over the summer, but we will be sure to be more diligent with it!), and any other papers that need your attention. *Please check your child's folder daily!*

For the families that are new the Lion Room and have not brought in your supplies, please do so. We will be handing out our Lion Room Welcome Packets to those of you that have just started over the past couple months. If you have already gotten one from us, just let us know.

Since it has been a little relaxed, we would like to formally welcome Keegan, Dylan, Jacob, Keira, Addyson, Brooklyn, and Braxtyn into the Lion Room!!! And sadly, we must say good- bye to Chaney and Lacey! We love you and wish you all a safe and happy journey in life.

Our theme for the month of August is "All- American Fun"

Week 1- "Wacky Olympics"

Week 2- "Sports Mania"

Week 3- "Camping Fun"

Week 4- "Hollywood Bound"

Week 5- "All- American Foods"

We are in need of a few supplies for the month. If you can bring in some Kleenex, multi- colored cardstock, and crayons we would really appreciate it.

If you have any questions or concerns please feel free to ask one of us.

The Lion Teachers
